### **Local Business Construction Information**

Please locate your vehicles away from construction area(s) adjacent to your property when directed by the Contractor. Unattended vehicle(s) may be towed by the Contractor if the vehicle(s) impede the construction.

For your safety, please keep out of construction areas and request your children not to play in, around, and/or on construction equipment. When driving in construction areas please watch for and give right of way to construction equipment, workers, and pedestrians.

Notify the Contractor prior to start of construction at your residence of special needs you may require for personal or vehicular access to your resident during the construction.

Construction project information may be obtained by contacting an on Street Maintenance Construction Inspector, or the Street Maintenance Division, or the Engineer.

Construction scheduling and information may be obtained by contacting the Contractors' office or his 24 hour project representative.

Sincerely,

Brian Loughridge  
*Albuquerque Asphalt, Project Manager*
